

LEMUR-BAOBAB MADAGASCAR

PROGRAM

In Madagascar one of the world's most biodiverse yet threatened environments your conservation volunteer work helps protect precious ecosystems. You'll support activities like mangrove restoration, wildlife monitoring, whale and turtle observation, and baobab preservation. This experience combines environmental action, cultural exchange, and meaningful impact for Madagascar's natural future.

ITINERARY

Itinerary

Day 1-4: Volunteer day

Day 5-7: Free days

Typical day (6hours/day - 24 hours per week)

- 9am : Easy hike through the nearby forest and hills to collect data on focus species and biodiversity along with our local conservation partners
- 12pm : Lunch is enjoyed as a group. Our delicious Malagasy meals are prepared by a local cook.
- 2pm : Continue project work, deliver environmental awareness workshops or teach English to local community members.

Participation fees: 2 weeks: 450€ can be extended
